## **Project Extension Proposal**

Team Flex would make the following additions and revision to the Basic Orientation for Alumni Volunteers of Alpha Phi Omega. Time constraints and definition of scope do not allow that these changes be made before the completion of EDIT 6210. Options open to our client, Dr. Julie Moore, are the following:

1. Follow up on the feedback from the survey results
2. Automate the application process to be able to select region and contact person
3. Beta test different assessment tools
4. Update contact information
5. Expand Help function to include more features

Alpha Phi Omega may have the opportunity to use EDIT Studio for more of this work or possibly a member within the organization.
